ENDOWMENT FUND EXPLAINED HERE

Many Speakers Address Representa-
tives of Methodist Churches in
This District

INTEREST EVANSVILLE SCHOOL

Speakers Outline Program For Rais-
ing Funds in This District—New
Basement Used

The campaign for the Evansville college endowment fund, was launched today in the Connersville district of the Methodist Episcopal church, when 50 ministers and laymen of the various churches in this district, assembled at the St. Paul's church to hear speakers outline the program for the work.

The crowd was exceedingly well, and practically every church in the district was represented either by the minister or by a layman.

The visiting delegation today at noon was entertained at dinner in the basement of the church, and the meal today was the first served following its completion, and dedication of last Sunday.

The speakers for the Evansville college fund began this morning at ten o'clock, and those who were here and explained the course to be followed were Dr. John W. Hancher of New York, consular in finance for the board of education of the Methodist church, and Miss Winifred Willard director of publicity in the department of finance for the board of education.

Several others were here in the interest of the project, and Dr. George Conant, of the East Ohio Conference and local director for the Indiana conference, was among the speakers and guests.

Dr. H. C. Burkholder of Oregon the director for this district was here and spoke and Dr. S. P. Young of the Pittsburg conference was a speaker. He is a special worker in the Connersville district.

The campaign for the million dollar endowment fund for the Evansville college fund, was launched January 1 and will continue until March 12. The meeting here today brought all of the churches together, in order to give the local district an opportunity to become better organized and more familiar with the work of raising the funds for this district.

OFFICIAL VISIT MADE BY DISTRICT GOVERNOR

Arthur H. Sapp of Huntington
Speaks to Rotary Club and Meets
With Directors And Committees

TALKS OF CONFERENCE PLANS

Arthur H. Sapp of Huntington, district governor of Indiana Rotary clubs, made his annual official visit to the Rushville Rotary club today noon and met with the board of directors and committee chairmen after the regular weekly meeting of the club. He was accompanied on his visit by Will Suckow of Franklin, group six representative.

Mr. Sapp discussed the remarkable development of Rotary during the nineteen years of its existence, speaking of the achievements of Rotary and the fruits of victory. He commented on the fact that there are now over 1500 Rotary clubs in twenty-eight countries, with close to 100,000 members. The district governor also recalled that no club had ever surrendered its charter voluntarily and that no charter had ever been taken from the club.

In the meeting with directors and committee activities and the conduct of the club's business. He also gave detailed plans concerning the Indiana conference at French Lick, February 21 and 22 and the international convention at Toronto next June.

KILLED IN EXPLOSION

Vincennes, Ind., Jan. 23—Adolph Wallen, 45, died at a hospital here from injuries received when the ear-bell light plant of the Decker high school exploded. William Purcell 23, who was injured seriously at the same time, is still in the hospital. Physicians today said his injuries are more serious than first examination revealed.

M. E. PARSONAGE IS DAMAGED

\$50 Roof Blaze Results at Rev. Hargrett's Residence

A fire originating around a chimney at the St. Paul's M. E. church parsonage, occupied by the Rev. H. W. Hargrett, 424 North Morgan street, did damage estimated at \$50 this morning about ten o'clock.

The roof was on fire when discovered, and the fire department was notified over the telephone, and prompt action prevented a serious fire. All three companies responded to the call, and the blaze was held in check and extinguished with chemicals, and the loss was kept to a minimum. More than a year ago, the church building, just north of the residence, suffered a bad fire in the basement.

RADICALS PRIMED TO PUSH PROGRAM

Platform Adopted by United Mine
Workers Insurgents Calls For Nationalization of Mines

TO FIGHT FOR KANSAS LEADER

Will Aim Blow at Appointive Powers
by Asking Election of His Ap-
pointers

By GERALD P. OVERTON
(U. P. Staff Correspondent)

Indianapolis, Ind., Jan. 23—The first radical move on the floor of the United Mine Workers convention was defeated today when the delegates approved the report of Philip Murray, vice-president of the organization, around which the anti-administration forces centered their attention.

On motion of William Mitch of Terre Haute, Ind., secretary of the committee on officers reports, the report of John L. Lewis, president, was accepted without opposition, thus placing the convention on record as favoring negotiation of long time wage contracts.

Murray in his report endorsed the expulsion from membership in the Pittsburg district of Tom Myers-rough and several others who, it was charged, had attempted to aid the speakers during the strike of 1921 by calling a meeting at Monongahela City, Pa., to consider a wage reduction of \$2.50 a day.

Murray charged that Myerseough, who is secretary of the "Progressive Committee", an outlaw organization within the miners' ranks, had attempted to create dissension and ultimately to compel the miners to accept a wage reduction.

Indianapolis, Ind., Jan. 23—Radicals among the delegates to the United Mine Workers' convention were primed today to thrust their program before the convention at the first opportunity.

About 300 of the so-called "reds" formulated their policies at a "rump" meeting held last night at the call of the "Progressive Committee of the United Mine Workers", an outlaw organization within the union.

The platform adopted by the insurgents calls for nationalization of coal mines and the formation of a workers' party. Demand is made for the six hour day and the five day week in the coal industry.

Members of the "progressive committee" will launch a fight for the reinstatement of Alexander Howat, deposed head of the Kansas miners, and other members of the union who

SEVEN ARE BELIEVED DEAD

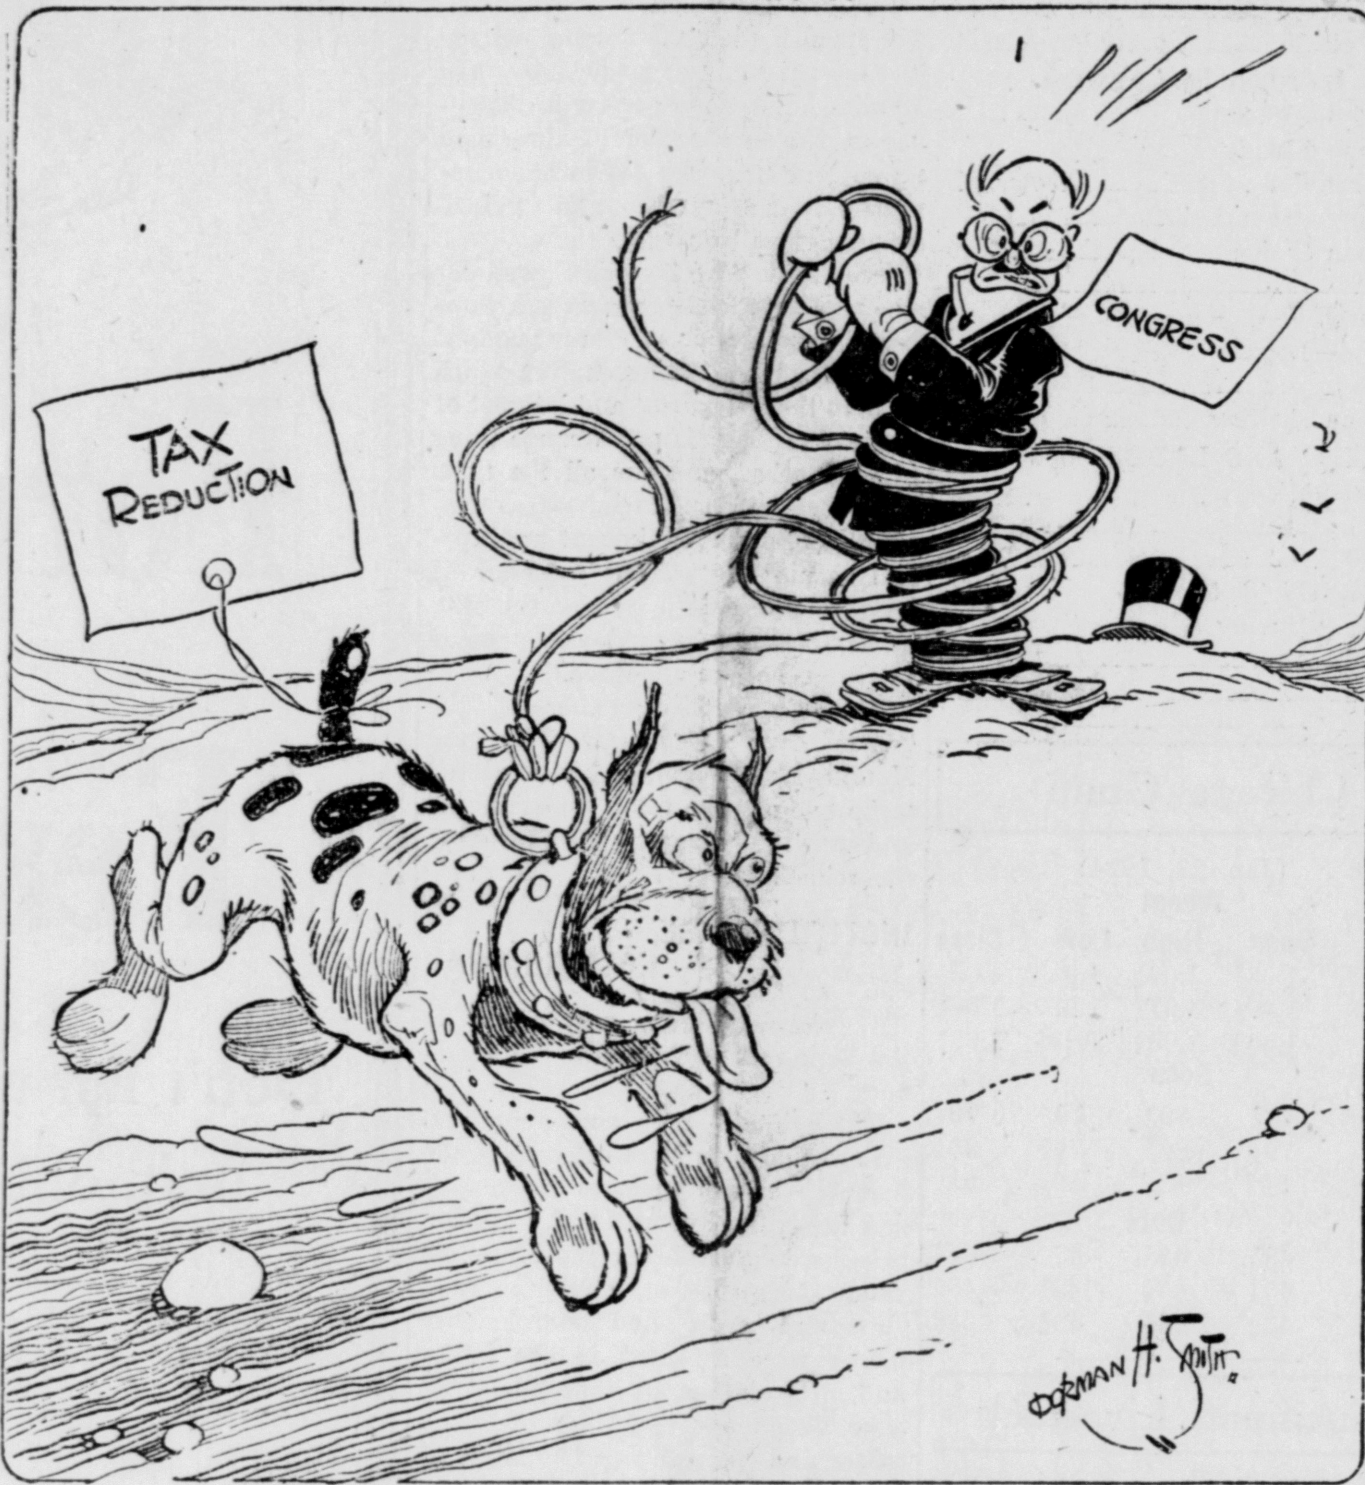

Fire Sweeps Business District of
Lyndonville, Vt.

Lyndonville, Vt., Jan. 23—Seven persons are believed dead and ten seriously injured in a fire which swept the business district here yesterday.

More than forty families have been made homeless. The fire started early today. It destroyed the greater part of the town's business section and swept through the tenement district.

Occupants of the houses were driven to the street with the temperature at 15 degrees below zero.

MY, OH MY! ISN'T HE THE PLAYFUL RASCAL?

Don't Be Alarmed!

If you should chance to see someone walking down the street carrying a straw hat, or a fan, or a trinket of some sort, don't be alarmed and conjure up in your mind visions of an insane hospital having opened up its doors and set its patients loose upon the people.

Nothing so terrible as that has happened. Workmen are simply cleaning away the debris in the Ninety-Nine Cent Store, as the result of the fire last Friday, and folks with the saving instinct have been gathering up articles and carrying them home, expecting to put them to some good use.

A crowd of boys stand about the front and back part of the store, watching for an opportunity to snatch something that falls from the wagons as the salvaged material is slid down a shoot from the second store, where most of the damage was done by fire.

INSTITUTES ARE HOLDING SWAY

Orange Township Farmers Meet at
Big Flatrock Christian Church To-
day For Program

FIRST ONE AT CARTHAGE

Attendance Not Equal of Last Year's
Due to Weather—Additions to
New Salem Prizes

Township institutes held sway in Rush county this week, the first one having been held at Carthage Tuesday and the last one being scheduled for New Salem Saturday.

Today's institute was for Orange township farmers, and it was held at the Big Flatrock Christian church. The Center township institute is due to get under way tonight at 7:30 o'clock at the Mays opera house and will continue throughout Thursday. An elaborate program has been arranged, and a long list of prizes in cash and merchandise will be distributed in the classes for men and women and boys and girls.

Tonight's program will consist of a series of vocal selections and readings, closing with motion pictures and tomorrow the actual work of the institute will get under way.

The same speakers who were at Carthage Tuesday, will be at May: Thursday—Mrs. William Goldsmith of Spencerville Ind., and F. L. Ken of Marion, Ind. They will discuss topics that are of interest almost exclusively to farm men and women.

Mrs. Goldsmith and Mr. Ken were also at the Orange township institute today and were on the program to deal with subjects similar to those used at Carthage Tuesday.

Thursday will close the stay of these two speakers in the county and Friday Mrs. W. C. Roberts and William Madigan will come to make the addresses at the Anderson township institute. They will also speak at the joint Richland and Noble township institute scheduled for the New Salem school building Saturday.

Raymond Manche was elected president of the Carthage Community institute at the closing sessions Tuesday afternoon.

The institute was not the equal of last year's in attendance. It is thought that bad roads and disagreeable weather combined to reduce the number present for the morning and afternoon sessions, which were held in the Carthage auditorium. An entertainment feature was numbers by

INSPECTOR IS ON THE JOB

Electric Wiring, Gas Taps And Wa-
ter Mains Being Examined

An inspection of electric wiring, city water mains, gas taps and similar things, conducted by the state department, is under way in Rushville it was announced today by Superintendent, A. T. Mahin of the city water and light plant. Inspector Simmonds of the state fire marshal's office started work this morning, and will go over the city making necessary inspections that might cause a fire hazard, or other conditions that might prevent firemen from performing their work.

It is expected that a wholesale list of faulty wiring will be found, as many persons wired their own houses for electricity during the past two years, and defects will be the aim of the state inspector.

CORRUPTION IN OIL LEASE, CHARGE

Fight to Invalidate Teapot Dome
Naval Reserve Contract Breaks
Out on Floor of Senate

STARTED BY CARAWAY, DEM.

Arkansas Senator Bases Pleas For
Abrogation on 3 Points—Charges
Fall Got \$100,000

(By United Press)

Washington, Jan. 22—The fight to invalidate the lease of the Teapot Dome naval reserve granted the former Secretary of the Interior Fall broke out on the senate floor today.

Senator Caraway, Ark. democrat who charges "corruption" in congress with the lease moved that the public lands committee be relieved of further consideration of his resolution abrogating the lease and that the senate take it up.

Caraway based his plea for abrogation on three points:

1—President Harding "had no authority" to issue his executive order transferring jurisdiction over the leases from the navy to the interior department.

2—Former Secretary Fall had no authority to negotiate for the sale of any government oil reserve, especially without a public sale.

3—Proceeds derived from a lease were not placed in the treasury as the law provides, but went for development of the navy department.

Caraway also charged that the lease was entered into "corruptly."

"Somewhere in connection with that lease, \$100,000 came into possession of Fall," Caraway said. "I think it is a fair assumption that Edward B. McLean never gave Fall any checks for the \$100,000 at all."

Havre, Jan. 23—"I have no intention of returning to the United States until my business here is finished."

Harry F. Sinclair, millionaire of man and lessee of the now far-famed Teapot Dome oil reserve, made this reply to the United Press when informed of the senate investigating committee's desire to have him get back to Washington as soon as possible for further questioning.

Sinclair upon his arrival here aboard the Paris, was informed by the United Press of the latest turn in the senate Teapot Dome investigation including the intention of his attorney to cable him to return.

BODY ENROUTE TO MOSCOW

Remains of Nicolai Lenin Will Lie in
State Until Saturday When They
Will Be Interred

By JOHN GRAUDENZ
(U. P. Staff Correspondent)

Moscow, Jan. 23—While Moscow is a city of black, prepared to receive today the remains of Nicolai Lenin, the dead premier's fellow leaders urged workers, peasants and the red army to stand firm.

"Final victory of our party will be the best monument to Lenin", a proclamation issued by the central executive committee said.

Lenin's body was to lie in state here until Saturday when it will be interred in the Kremlin hall.

Tens of thousands of his followers are to be given an opportunity to gaze for the last time on the stilled features of the most powerful revolutionary figure of modern times.

Lenin, after a lingering illness, died at 6:50 p. m. at his villa at Corky, passing away while unconscious. A cerebral hemorrhage caused paralysis of the respiratory organs.

(Note: An official announcement by the Russian government confirms United Press reports that Lenin's death occurred exactly at 6:50 p. m. Monday, not 5:50 as erroneously reported by sources other than the United Press.)

The chief care of Russia's present leaders—mingled with their genuine sorrow—in that there shall be no opportunity for enemies of the soviet to take advantage of Lenin's death.

The All-Russian executive committee addressed the following proclamation to the workers, peasants and soldiers.

The main order which the eleventh congress gives the soviet government at the moment of the death of Lenin is to protect the workers and peasants union.

"Never sidestep a hair's breadth from Lenin's policy. This is the principal question of our life."

The central executive committee's proclamation was in somewhat similar vein. Its memorial says Lenin supplemented Marxism by actually creating a proletarian dictatorship in the creation of the workers and peasants union. It praises Lenin's superhuman sense of duty and his devotion of his life to the working classes.

BOILER SPRINGS LEAK STOPPING JURY TRIAL

Furnace Trouble Causes Postpone-
ment of Court Business, But Of-
fices Are Open

MORGAN STREET EVIDENCE IN

A leak in a section of one of the boilers of the heating plant was discovered Tuesday, and the jury which had been summoned for a court case today, was called off, as it was feared that the court room could not be sufficiently heated. The offices were open as usual.

Several weeks ago, the fire was pulled from the furnace when the pit around the fire box contained water, and it was thought then that the boiler was leaking. The leak stopped, and the water was said to be caused and was probably covered with mud, from an old well in the basement. Yesterday, however, the leak was visible, and the boilers will be fired with caution until next week, when repairs will be made.

The case of Charles Alter against Lon Linville, a suit on a note, was settled by agreement today in the circuit court, with judgment for \$437.38 being entered for the plaintiff. The case of Silverthorn and Hungerford against Jesse A. Shelton, proceedings supplementary to execution, was dismissed.

Evidence in the injunction suit of Capitola G. Dill against the City of Rushville was concluded this morning when the city introduced evidence showing that the ordinance of 1897 defining the width of streets and been repealed.

MASTER MAGICIAN TO GIVE ENTERTAINMENT

Richard Davis to Provide Next Number on Manila High School Lyceum Course

CARRIES STAGE EQUIPMENT

Richard Davis, Master Magician, will furnish the next number on the lyceum course, being given by the Manila high school, Saturday evening in the auditorium of the high school building. Mr. Davis has appeared in Shelbyville and gained quite a reputation while there.

"The Man Who Mystifies" well describes Davis. His program is a wonderful combination of clever manipulations and interesting chatter which adds to the enjoyment and interest of his tricks. There is one strange thing after another, and fun all the time. Davis carries a most elaborate paraphernalia, stage equipment and special scenic effects. The splendor of his entertainment is one reason why he has been so tremendously popular wherever he has appeared.

This is one of the numbers of the lyceum course being given by the Manila high school, and is expected to be one of the most entertaining and unique programs ever offered by the school.

CANADIAN VETERAN SUICIDE

Edith Bright Held After John Raridon's Death

Indianapolis, Ind., Jan. 23—Edith Bright was held by police today pending investigation of the suicide of John Raridon, 27, a world war veteran of the Canadian army.

Raridon drank poison in front of Miss Bright's home after he had been refused admittance to the house, according to police.

Miss Bright said she had known Raridon while he was stationed at Columbus, Ga., in the army. They had corresponded, she said, and she had cared for him. She said she had decided not to permit him to call on her, however. Her home is at Fordsville, Ky.

were expelled with him because of their opposition to the Kansas industrial court law. The radicals also want a group of Nova Scotia miners who were expelled restored to their rights in the union.

The radicals will aim a blow at the appointive powers of the international president by asking for the election of a number of officers and organizers who are now named by the president.

Other planks call for the amalgamation of all craft unions in America and for the international affiliation of workers.

Thomas Myerscough, a deposed member of the Pittsburgh district, led in expounding the program and denouncing the "machine" which, he said, "controls the miners organization and keeps the rank and file from getting their rights."

But while the radicals had their fling last night, Lewis and the conservatives have the organization of the convention well in hand.

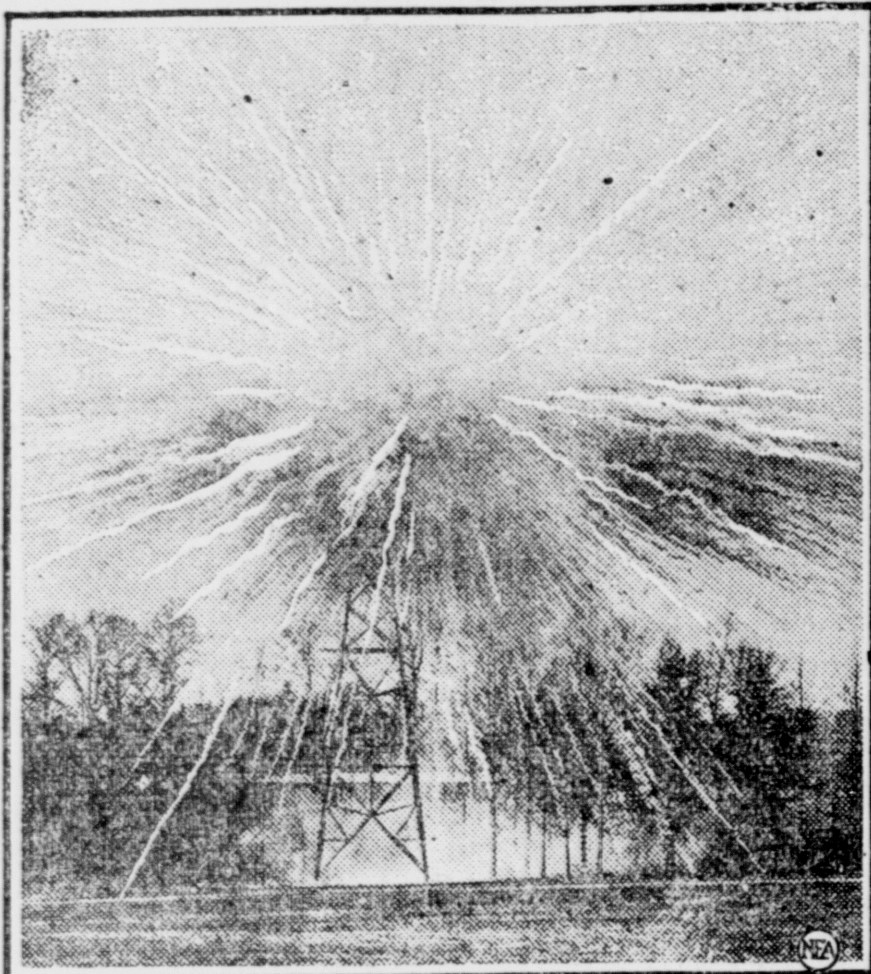

Few if any of the policies proposed by the progressive committee will see the light of day through the committee on resolutions, it is indicated. The radicals will have to fight for their program through resolutions presented on the convention floor, with the odds of parliamentary procedure against them.

The scale committee was ready to take up questions of wages and working conditions under the chairmanship of Frank Farrington, president of the Illinois district.

Appointment of Farrington by Lewis confirmed the report that the two leaders had ironed out their differences of past years.

1923 TRAFFIC MADE INCREASE

Volume of Highway Traffic in State Increased 300 Percent Over The Preceding Year

TO EXTEND ROAD SYSTEM

Gov't Statistics Show Indiana Has More Improved Roads Than Any Other State in Nation

By BRUCE SHORT
(President Engineering Sales Corporation)

(Written for United Press)
Indianapolis, Ind., Jan. 23—Traffic on Indiana highways increased 300 percent in 1923 over the preceding year. Since 1913, the volume of traffic has increased 500 percent.

This volume will be steadily increased in years to come. It will call for heavy expenditures in road improvement and maintenance.

John D. Williams, director of the state highway commission, intimated that he will advocate extension of the hard surface road system in Indiana, when he said hard surface roads cost less than other roads over a period of years.

The annual cost of maintaining a gravel or crushed stone road is \$654 a mile. The maintenance cost for hard surface roads is less than \$50 a mile a year. The cost of maintenance of gravel and crushed stone roads will increase in greater proportion than that of hard surface roads as the volume of traffic becomes greater.

Government statistics showing that Indiana has more improved roads than any other state in the nation only told half of the story. These improved roads, figures obtained at the offices of the highway commission show, are comprised largely of crushed stone and gravel highways. In fact this class of roads constitute approximately ninety percent of the improved road system of Indiana. The remaining ten percent or less is of the hard surface type.

In the course of its program, the State highway commission will replace many of the gravel and crushed stone roads with hard surface, spending more money on first cost but saving large sums on maintenance and affecting a saving in the long run.

In addition to saving money, the program will permit constant travel. Many of the gravel and crushed stone roads are closed to commercial traffic during four or five weeks of the year, while the hard surfaced roads are open for traffic in all kinds of weather. Extension of the hard surfaced highways will enable the farmer to market his produce in so-called off seasons of the year.

In addition, it will make highway travel safer, because the grades are wider, the bridges are wider, the culverts are longer and dangerous curves are virtually eliminated. The present disjointed system of highways will be co-ordinated into a vast network of roads.

More Light For Waterway

Attention is called again to the
Great Lakes-St. Lawrence deep wa-
terway plan by the action of the
American Engineering Council, which
calls for a complete governmental
investigation of that great project.
There has been considerable investi-
gation of the matter, by engineers
representing both the United States
and Canada, but there is no danger
of getting too much information on
the subject. The Engineering Council
wants to determine, with finality, the
facts regarding navigation, power,
alternative routes and other ques-
tions involved. Congress will be asked
to act on the proposal.

An interesting discovery made by
the leaders of this movement, in their
recent inquiries, is that although
Buffalo is still opposed to the new
waterway, for fear of losing some of
its business, New York and other
eastern seaboard cities are less hos-
tile, because they are coming to be-
lieve that they will benefit in the end
from the greater development that
such a waterway would bring to in-
land cities. They are encouraged in
this view by finding that the immense
traffic of the Panama Canal has not
hurt their prosperity at all.

Public Sentiment

The prosperity of the people of the
Rush county and the success of the
enterprises in which they are en-
gaged depends in a large measure on
public sentiment.

It comes from the public mind—the
way in which the people of the
community view any project or any
activity that transpires.

Public sentiment is the greatest
asset we have because it is the ag-
gregate thought of all of the people.

SAVED SICK SPELLS

Black-Draught Found Valuable by
a Texas Farmer, Who Has
Known Its Usefulness
Over 30 Years.

Naples, Texas.—"I have used Theod-
ford's Black-Draught for years—I can
safely say for more than 30 years," de-
clares Mr. H. H. Cromer, a substantial,
well-known farmer, residing out from
here on Route 3.

"I am 43 years old, and when a small
boy I had indigestion and was puny, and
my folks gave me a liver regulator. Then
Black-Draught was advertised and we
heard of it.

"I began to take Black-Draught, and
have used it, when needed, ever since.
I use Black-Draught now in my home,
and certainly recommend it for any liver
trouble.

"I have given it a thorough trial, and
after thirty years can say Black-Draught
is my stand-by. It has saved me many
sick spells."

Mr. Cromer writes that he is "never
out of Black-Draught," and says several
of his neighbors prefer it to any other
liver medicine. "I always recommend
Black-Draught to my friends," he adds.

This valuable, old, powdered liver
medicine is prepared from medicinal
roots and herbs, and has none of the bad
effects so often observed from the use of
calomel, or other powerful mineral drugs.

Be sure to get the genuine, Theodford's.

final block tonight approaches.

Trailing with 369 points to the
contenders' 500 after the first block,
Hoppe showed remarkable form last
night and ran his score to 1,000 while
Jake collected only 239 billiards for
a total of 739.

The champion had runs of 182 and

WESLEY M. E. REVIVAL

The Rev. Mr. Arnold, the evangeli-
st at the Wesley M. E. church
preached Tuesday night from his
text, Revelations, 22:17. His subject
was, "The Last Invitation from the
Throne."

The speaker said that Christ in-
vites those who are "Athirst" and
those who "will". He told of a man
trying to cross the desert. His sup-
ply of water was gone, his horse was
dead, and on foot he tried to make
it to the place, where water was
available. Suddenly he came to an
oasis where his thirst was quenched.
"Jesus Christ is the oasis in the dry
and hot desert of life, where fainting
souls can quench their thirst and
have their souls revived," the minis-
ter said.

Jesus also calls those who "will"
Jesus is the only character, he
pointed out, who has challenged the
minds of men and dared them to fol-
low him.

He offers them the river to life
freely. "It proceedeth from the
throne of God; it has been rippling
and tinkling from the first chapter
of Genesis to the last chapter of
Revelations," he said. "It is the
water that flowed through Eden; the
river that makes glad with its
streams, the city of God. It offers
us Eternal and Delicance from
sin."

The subject tonight at the schureh
will be, "Christ at the Door"

EX-HOMER '17

*** OIK, OIK, OIK ***

After a search through the files, Homer ole boy, Hittin' 'em finds that the invitational tourney was played here in January of that year, and that the final game was played between Rushville and Shelbyville. Who won? Why Rushville did, 30 to 18.

*** OIK, OIK, OIK ***

HERE'S SIDE LIGHTS

The above photograph of Side Lights of Connersville was snapped at Newcastle last Saturday night. Side Lights is beckoning Hittin' 'em to the game at Connersville Friday night. He is seen extending the glad hand. This is confidential: He couldn't help it, but he broke the camera, and the photographer had to send us his picture, as seen above, in two parts.

*** OIK, OIK, OIK ***

And the pose is quite Ikknish, isn't it?

BETTER BOOK ORANGE

The Milroy high school girls have issued a state-wide challenge for competition in basketball, as their picture appeared last night in the Indianapolis News, and also with the ole chip on their shoulders. The girls have lost only one game this year.

HERE'S ARLINGTON AGAIN
Arlington, Ind.

Dear Hittin' 'em—

Arlington high school sure sprung a surprise to the county Friday night at Arlington, when they came very near winning from Raleigh. Joseph Reade for Arlington, who played forward, was the best for his team, making 7 field goals. M. Craig for Raleigh was the star for his team making ten goals from the field. In the year 1913 and 1914, Arlington had a wonderful record in winning their games. They were as follows: (Won 10; lost 2).

Arlington 15; Morristown 8.
Arlington 25; Alumni 15.
Arlington 26; New Palestine 5.
Arlington 43; New Palestine 4.

Arlington 40; Homer 14.

Arlington 14; Morristown 13.

Arlington 39; Manilla 7.

Arlington 20; Rushville 4.

Arlington 46; Carthage 6.

Milroy 31; Arlington 23.

Milroy 38; Arlington 28.

Arlington 40; Moscow 27.

Hurrah! for Arlington and hurrah for Milroy because they were the only team that could defeat Arlington in that season. The team that draws Arlington to play in the county tourney will sure need to do some good guarding and accurate goal shooting if they win. Arlington can give any team in the county a hard scrap. (Don't forget)

Yours, for success,

Knock-Kneed Flapper,

"Bobby Baxter."

PLAY AT MILROY THURSDAY

The Sir Walters have two games this week end. They will journey down to Milroy Thursday night, and then entertain Morristown Friday night.

Milroy also plays Saturday, and will go down to Westport for a game.

*** OIK, OIK, OIK ***

Connersville is expecting at least a ten point margin, and they assert that such a victory will give the Ikkniks considerable prestige in the state.

*** OIK, OIK, OIK ***

The special cars from Rushville to Connersville will leave here at 4:30 in the afternoon it was announced today, which will give Rushville people ample time to get in line before the doors swing open at 6:45. The Connersville principal declares that he will not open the gates until that time, but also asserts that he wouldn't be responsible if "someone busts the door down, before that time."

"Tame them Lions" is another slogan over at Connersville. The Ikkniks might do it, but, gosh what a job they will have on their hands.

*** OIK, OIK, OIK ***

Don't forget to carry a box of Graham Crackers along over to Connersville for good luck Friday night. When the game starts, you will want refreshments.

*** OIK, OIK, OIK ***

Contrary to false reports—every Rushville Lion passed his examinations and demonstrated that they are just as good scholars as they are players.

*** OIK, OIK, OIK ***

The second team will take a bus to Richmond Friday night, and play the curtain raiser to the Richmond and Terre Haute game. The Morton seconds have improved a great deal since they were here, and according to the Richmond reports, they are out to avenge themselves for the defeat here.

*** OIK, OIK, OIK ***

Fountain City, the team that Webb defeated here a few weeks ago in easy manner, won the invitational tourney at Hagerstown last Saturday, defeating Hagerstown in easy fashion. This victory ranks Fountain City next to Richmond in Wayne county, but Hittin' 'em don't see how the Fountain City team will have much chance with Morton, if the game they played here was a sample of their playing.

*** OIK, OIK, OIK ***

Watch and train for Greensburg next week. That bunch may spring a surprise here.

*** OIK, OIK, OIK ***

Bring on the county tourney. All of the horses are rarin' to go.

PUNK REFEREE, HASH SAYS

Milroy, Ind.

Dear Hittin' 'em—

We have resolved not to rag the referee, but down in our hearts there is a longing to shoot Schaefer, the gent who tried to referee the game between Moscow and Waldron last Friday night at Waldron. May no other team play under the circumstances as the Cows did. May God forgive Schaefer.

Limiting Amateurs

HENRY L. FARRELL
(United Press Sports Editor)

New York, Jan. 23.—Resuming the offensive in the old crusade against professionalism, some of the American amateur sport governing bodies are attaching almost a penalty to a star athlete's name.

To live up to the strict interpretation of the amateur rule, as it is being revised and restricted from time to time, a champion tennis player or a champion quarter-miler must almost apologize for himself.

The United States Lawn Tennis Association has ruled that, after January 1, 1925, no amateur tennis players can accept any substantial compensation for literary contributions to the press.

Rules passed previously made it an offense, with a penalty of disbarment for any tennis player to engage in the sports good business.

It is the theory of the tennis governing body that a tennis player should never in any way seek ways of capitalizing on the name that he acquired on the court.

Perhaps it would be wrong for the tennis champion to call up the box office and say:

This is Bill Tilden talking, I would like to have two seats in the first row."

The B. O. wouldn't have the seats and he would reply:

"Being as it is you, Mr. Tilden, that wants 'em, I'll certainly send out and pull in a few from the specs."

This is an extreme case, but in restricting the actions of players, the association also approaches extremes.

Writing newspaper articles and selling sporting goods are not the only occupations in which a player might be accused of getting cash on his name.

It would seem that the name of a player over a piece of literature or on the window of a shop is no more a gesture to invite business than the name of a player on a card that gets him by office boys who would not permit an ordinary insurance agent or bond salesman into the sacred precincts of the big and busy boss.

If the amateur sports governing bodies insist that an amateur athlete positively must not make use of his name in business, these bodies will have to import the English ideas and establish British classes in which no athlete but an "idle gentleman" can be accepted as a pure amateur.

Considering the subject from the strict standpoint that the Americans

Thru the Hoop of Shelbyville would like to play leap frog and drop in over at Connersville Friday night to see the Ikknik-Lion game. Here is what he says:

Just for plain, old fashioned competition, we'd like to look in on that Connersville-Rushville game at the Fayette county seat, Friday night. The Roarin' Lions are roarin' and the Ikkniks are not in bad shape after that hair-raising battle they gave Anderson a short time ago.

*** OIK, OIK, OIK ***
GOSH WHATTA CHANGE OF HEART

And when we read this next comment, we fell out of the chair, rubbed our eyes and asked the society editor to pinch us, to see if it was not a dream. He says this:

AND WHILE YOU'RE TALKING ABOUT COMPETITION, DON'T FORGET THAT RUSHVILLE IS GONNA BE TOUGH FOR SOME TEAM BEFORE THIS THING'S OVER.

And as one good turn deserves another we're goin' to surprise Shelbyville. Hittin' 'em would almost wager that the Camels will double the score on Manual Friday night.

*** OIK, OIK, OIK ***

Richmond will get back in the sunny side of life again Friday. They play Garfield of Terre Haute.

CLOSE GAME IS EXPECTED

Arlington A. C.'s Will Tackle Moscow Independents Thursday Night

The Arlington A. C.'s will tackle the Moscow Independents in a return game at the Arlington gym Thursday night. The Moscow team played the Arlington team earlier in the session and got away with a 9 point win. The Arlington team is going good now and expects to even up for its former defeat. The game promises to

be a hard fought contest and a very close score is forecast.

The Arlington club will use its regular lineup: Shook, Gardner, Wicker, E. Headlee, L. Headlee, Means, Miller and Northam. The Junior A. C.'s and the Rushville Romeos will hook up in the curtain raiser each team having won a game this season and the third game to be the deciding game of a three game series.

Jersey City—Johnnie Buff, former bantamweight champion outpointed Wille Woods, Scotland, in ten rounds.

FIGHTS AND FIGHTERS

Chicago—A match between Pancho Villa, world's flyweight champion, and Bud Taylor, Terre Haute flash, is being considered here today.

South Bend, Ind.—Tommy McFarland knocked out Joe Sharkey in the second round of a scheduled ten round bout.

Boston—Frankie Genaro, American flyweight champion won a 10 round decision from John Sheppard, Boston.

Mr. and Mrs. Verl Bebout entertained the members of the Pitch-In club Tuesday evening at their home in North Perkins street. A delicious supper was served and the remainder of the evening was enjoyed informally.

The Young Ladies Bible Class of the First Presbyterian church was delightfully entertained Tuesday evening at the home of Mr. and Mrs. John Gantner in North Jackson street. A short business session was held followed by the social hour and the serving of dainty refreshments.

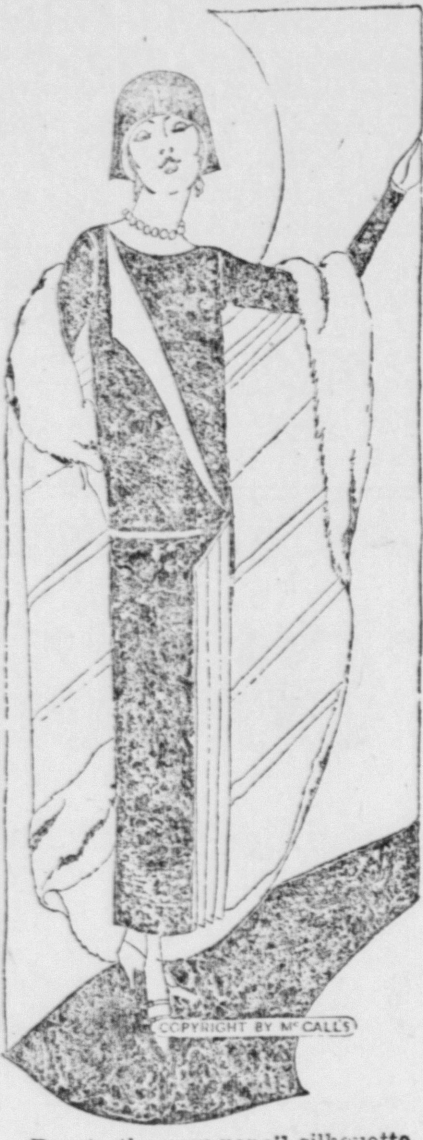

Mrs. Robert L. Tompkins, assisted by Mrs. Frank Innis, delightfully entertained the members of the Ladies Aid Society of St. Paul's M. E. church Tuesday afternoon at her home in East Seventh street. During the program Mrs. Amos Baxter gave a splendid reading. Delicious refreshments were served at the close of the meeting.

The members of the congregation of the Ben Davis Creek church will entertain Saturday evening at the church with an informal social party, honoring their new pastor, W. T.

Skirts Shorter

Due to the new panell silhouette, skirts are growing shorter. A frock like a meal sack that extends to the ankles is hardly graceful. The new French gowns and separate skirts are 12 and 14 inches from the sole of the foot. For the present New York designers are content with eight or ten inches from the floor as the correct length.

reception and a luncheon will be served during the evening. All the members of the congregation are urged to attend this social function.

Mrs. A. L. Gary gave a most interesting review of the Life and Letters of Walter H. Page, at the meeting of the Shakespeare club Tuesday evening at the home of the Misses Nora and Mary Sleeth in North Harrison street. Mr. Page was the ambassador to England before and during the World War, and his work is in two volumes. Following the excellent discussion, an informal social hour was held and the hostesses served their guests with dainty refreshments.

Miss Laura Meredith was the hostess for the Missionary Society of the First Presbyterian church Tuesday afternoon at her home in North Morgan street. Mrs. Hugo Schmalzel was the leader for the meeting and she was ably assisted by Mrs. John Morris, Mrs. Hall, Mrs. Brooks and Mrs. Boyd. Mrs. Culp read two letters from Mrs. Hugh Taylor of Siam. The peace plan was explained by the president and the members were requested to sign their names to the document.

Carroll Rees was hostess last Saturday evening to the members of the Golden Link Bible class of the Ben Davis Creek Christian church at his home northeast of the city. One of the entertaining features of the evening was the camouflage supper that was served. Each item on the menu was so named that those ordering their supper were not sure what they would get. The remainder of the evening was enjoyed socially with contests and games. The next meeting of the class will be in two

MAKE MARKED PROGRESS

615,156 Head of Cattle in U. S. Accredited Free of Tuberculosis

Indianapolis, Ind., Jan. 23—Marked progress in the eradication of bovine tuberculosis throughout the United States was made during the last year by the bureau of animal industry of the department of Agriculture, according to Dr. W. B. Haskins, federal attaché of the Indiana Livestock Sanitary commission.

During the last fiscal year there were 615,156 head of cattle in the United States accredited as free of tuberculosis, Dr. Haskins said. This is an increase of 76 percent, he said.

The plan being followed over the country is the eradication of bovine tuberculosis by small areas, usually by counties.

The tuberculosis test was applied to about 3,500,000 cattle during the year, Dr. Haskins said.

weeks, a Saturday night, at the home of Gilbert Joyce.

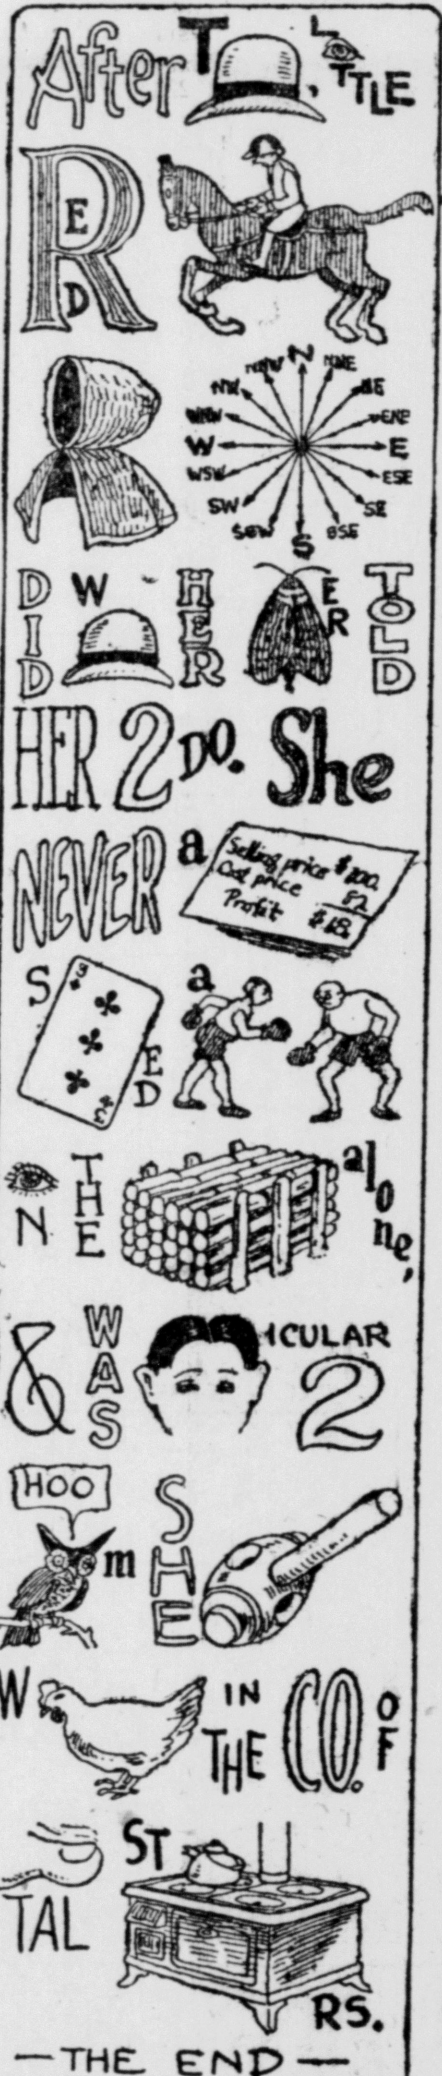

The old and new officers of the Main Street Christian Church Pastor's Aid Society entertained the remainder of the members Tuesday afternoon in the Sunday school department of the church. A business session preceded the splendid program that was given. Mrs. Carl Overdorf sang a beautiful solo and two readings were given by Miss Margaret Winship, in her usual charming manner. Miss Edna Lucas also entertained the guests with a violin solo. Following the program delicious refreshments were served by the hostesses.

CHASING FOX, DIES

Columbus, Ind., Jan. 23—Taking up the chase of a fox on foot, just for the fun of it, caused the death of John Henry Ault, 28. Ault had run less than 20 feet when he dropped to the earth. Examination showed he died of heart disease.

"The Fighting Blade," Princess

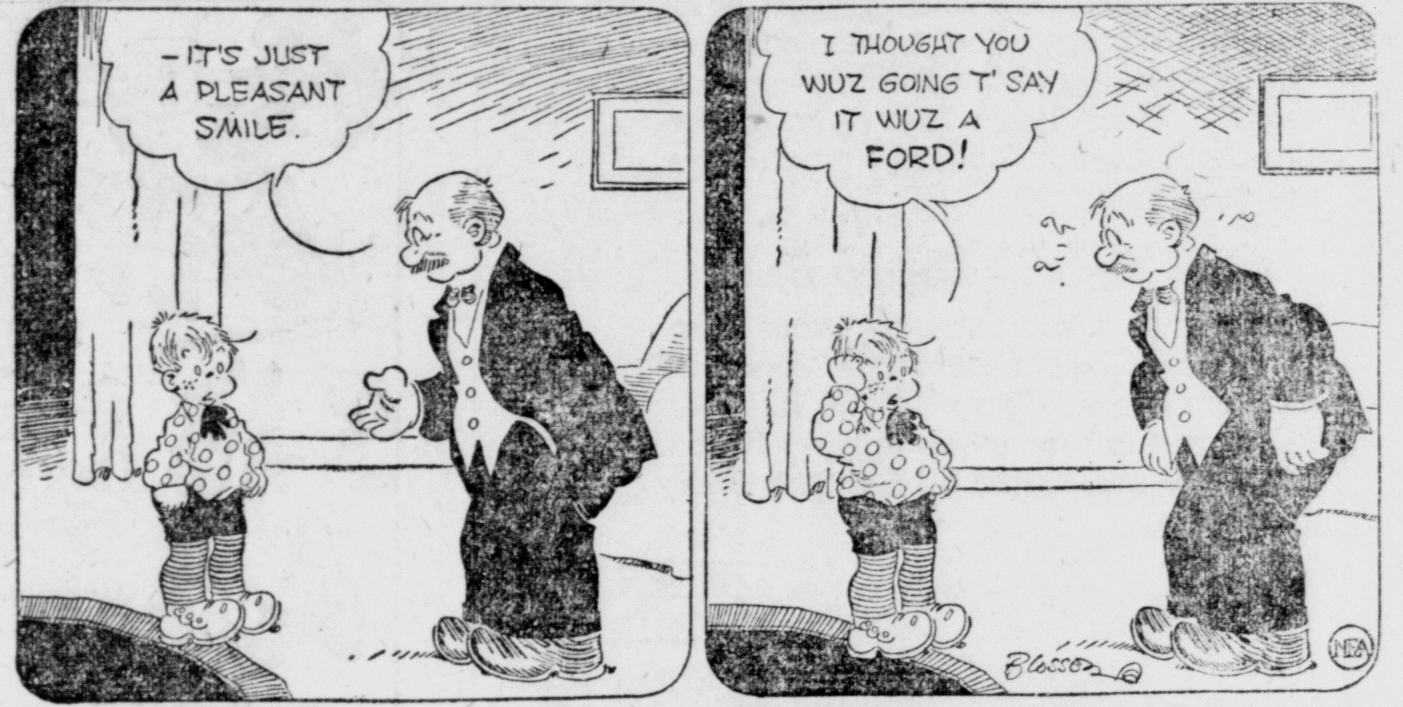

Medieval history chronicles many of the most exasperating tortures the world has ever known. One of the most agonizing of these is pictured in one of the sequences of John S. Robertson's production, "The Fighting Blade," a First National picture in which Richard Barthelmess is starred and which is being presented at Princess theatre today.

Richard Barthelmess is victim of this torture. His role in the picture is that of Karl Van Kerstendroek, a Flemish soldier of fortune whose fame as a duelist precedes him in England, whither he goes to avenge the death of his sister. He vanquishes his foe, and friends of the latter, members of the Cavalier party, plot his death. He joins Oliver Cromwell's party, the Roundheads, who are determined upon the over-

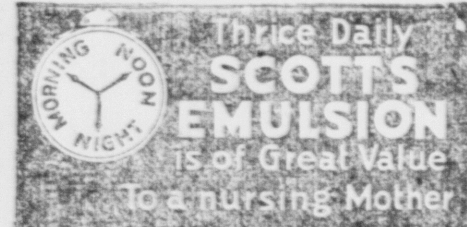

Freckles and His Friends

It Sounds Like One

By Blosser

Richard Barthelmess is victim of this torture. His role in the picture is that of Karl Van Kerstendroek, a Flemish soldier of fortune whose fame as a duelist precedes him in England, whither he goes to avenge the death of his sister. He vanquishes his foe, and friends of the latter, members of the Cavalier party, plot his death. He joins Oliver Cromwell's party, the Roundheads, who are determined upon the over-

throw of Charles I, and thus becomes the enemy of all Cavaliers. Falling into the hands of some of these, he is manacled with huge heavy wristbands, and wedges are driven with hammer blows between his wrists and these manacles—the noble gentlemen performing this task with glee. And the youth's suffering is so realistically portrayed as to make the spectator shudder. It is

their purpose to give him two days in which to repent, two agonizing days, then to execute him. What happens to defeat their purpose, and how, far from breaking the youth's spirit, this torture makes him the savior of the Royalist party, is depicted on the screen more forcibly than it can be described.

Opposite Barthelmess in this exciting historical romance is Dorothy Mackaill. Others in the cast are Frederick Barton, Morgan Wallace, Lee Baker, Bradley Barker, Stuart Sage and Allyn King.

MUSEUM VISITORS

Indianapolis, Ind., Jan. 23—Three thousand five hundred and sixty-two times during the month of December, 1923, Major Wilson, Statehouse policeman, was forced to abandon his usual calm survey of the marble floors of the Statehouse lobby to reply to questioners.

"Take the elevator to the basement and turn to your left upon emerging. If I am not mistaken, the museum is still there, a few doors down the hall."

Major Wilson may not have counted, but the register kept by W. H.

Hersman, curator of the museum, had that many names inscribed on its pages during the month.

About 400 delegates to the Student Volunteer convention came down to inspect the collection of things peculiar to Indiana and her history. Hersman's report for the month shows:

Kelomo—The Southside Christian church will build a new church building costing about \$35,000. Final plans have been approved and a site purchased at a cost of \$10,000.

Automobile Educational Week

A Lecture Course

Free to the Public

This is the automobile era. After ten years of continuous selling and servicing automobiles I realize that the general public lack an elementary knowledge of the fundamental principle and general construction of automobiles.

After considerable effort I have secured one of the greatest automobile engineers, lecturer and instructor known to the automobile world—Professor John Sink. Professor Sink has just recently presented his lecture course to members of the Indiana and Purdue University faculties and classes at Bloomington and Lafayette, Indiana and other colleges.

I have arranged for a course of six lectures to be delivered Wednesday, Thursday, Friday and Saturday, January 23, 24th, 25th and 26th. Two lectures each day at 2:30 and 7:30 P. M. in my sales room at 121 East First street, "On the Square."

Together with Professor Sink's lectures we will have on display a stock chassis and motor. The motor running with all parts moving as in the operation of the car. All movements and operations plainly visible through glass enclosure. This chassis will also be on display all week.

Speakers Outline Program For Rais-
ing Funds in This District—New
Basement Used

The campaign for the Evansville college endowment fund, was launched today in the Connersville district of the Methodist Episcopal church, when 50 ministers and laymen of the various churches in this district, assembled at the St. Paul's church to hear speakers outline the program for the work.

The crowd was exceedingly well, and practically every church in the district was represented either by the minister or by a layman.

The visiting delegation today at noon was entertained at dinner in the basement of the church, and the meal today was the first served following its completion, and dedication of last Sunday.

The speakers for the Evansville college fund began this morning at ten o'clock, and those who were here and explained the course to be followed were Dr. John W. Hancher of New York, consul in finance for the board of education of the Methodist church, and Miss Winifred Willard, director of publicity in the department of finance for the board of education.

Several others were here in the interest of the project, and Dr. George Conant, of the East Ohio Conference and local director for the Indiana conference, was among the speaker, and guests.

Dr. H. C. Burkholder of Oregon the director for this district was here and spoke and Dr. S. P. Young of the Pittsburgh conference was a speaker. He is a special worker in the Connersville district.

The campaign for the million dollar endowment fund for the Evansville college fund, was launched January 1 and will continue until March 12. The meeting here today brought all of the churches together, in order to give the local district an opportunity to become better organized and more familiar with the work of raising the funds for this district.

OFFICIAL VISIT MADE BY DISTRICT GOVERNOR

Arthur H. Sapp of Huntington
Speaks to Rotary Club and Meets
With Directors And Committees

TALKS OF CONFERENCE PLANS

Arthur H. Sapp of Huntington, district governor of Indiana Rotary clubs, made his annual official visit to the Rushville Rotary club today noon and met with the board of directors and committee chairmen after the regular weekly meeting of the club. He was accompanied on his visit by Will Suckow of Franklin, group six representative.

Mr. Sapp discussed the remarkable development of Rotary during the nineteen years of its existence, speaking of the achievements of Rotary and the fruits of victory. He commented on the fact that there are now over 1500 Rotary clubs in twenty-eight countries, with close to 100,000 members. The district governor also recalled that no club had ever surrendered its charter voluntarily and that no charter had ever been taken from the club.

In the meeting with directors and committee activities and the conduct of the club's business. He also gave detailed plans concerning the Indiana conference at French Lick, February 21 and 22 and the international convention at Toronto next June.

M. E. PARSONAGE IS DAMAGED

\$50 Roof Blaze Results at Rev. Hargett's Residence

A fire originating around a chimney at the St. Paul's M. E. church parsonage, occupied by the Rev. H. W. Hargett, 424 North Morgan street, did damage estimated at \$50 this morning about ten o'clock.

The roof was on fire when discovered, and the fire department was notified over the telephone, and prompt action prevented a serious fire. All three companies responded to the call, and the blaze was held in check and extinguished with chemicals, and the loss was kept to a minimum. More than a year ago, the church building, just north of the residence, suffered a bad fire in the basement.

Will Aim Blow at Appointive Powers

By GERALD P. OVERTON
(U. P. Staff Correspondent)

Indianapolis, Ind., Jan. 23—The first radical move on the floor of the United Mine Workers convention was defeated today when the delegates approved the report of Philip Murray, vice-president of the organization, around which the anti-administration forces centered their attention.

On motion of William Mitch of Terre Haute, Ind., secretary of the committee on officers reports, the report of John L. Lewis, president, was accepted without opposition, thus placing the convention on record as favoring negotiation of long time wage contracts.

Murray in his report endorsed the expulsion from membership in the Pittsburgh district of Tom Myerscough and several others who, it was charged, had attempted to aid the speakers during the strike of 1921 by calling a meeting at Monongahela City, Pa., to consider a wage reduction of \$2.50 a day.

Murray charged that Myerscough, who is secretary of the "Progressive Committee", an outlaw organization within the miners' ranks, had attempted to create dissension and ultimately to compel the miners to accept a wage reduction.

Indianapolis, Ind., Jan. 23—Radicals among the delegates to the United Mine Workers' convention were primed today to thrust their program before the convention at the first opportunity.

About 300 of the so-called "reds" formulated their policies at a "rump" meeting held last night at the call of the "Progressive Committee of the United Mine Workers", an outlaw organization within the union.

The platform adopted by the insurgents calls for nationalization of coal mines and the formation of a workers' party. Demand is made for the six hour day and the five day week in the coal industry.

Members of the "progressive committee" will launch a fight for the reinstatement of Alexander Howat, deposed head of the Kansas miners, and other members of the union who

SEVEN ARE BELIEVED DEAD

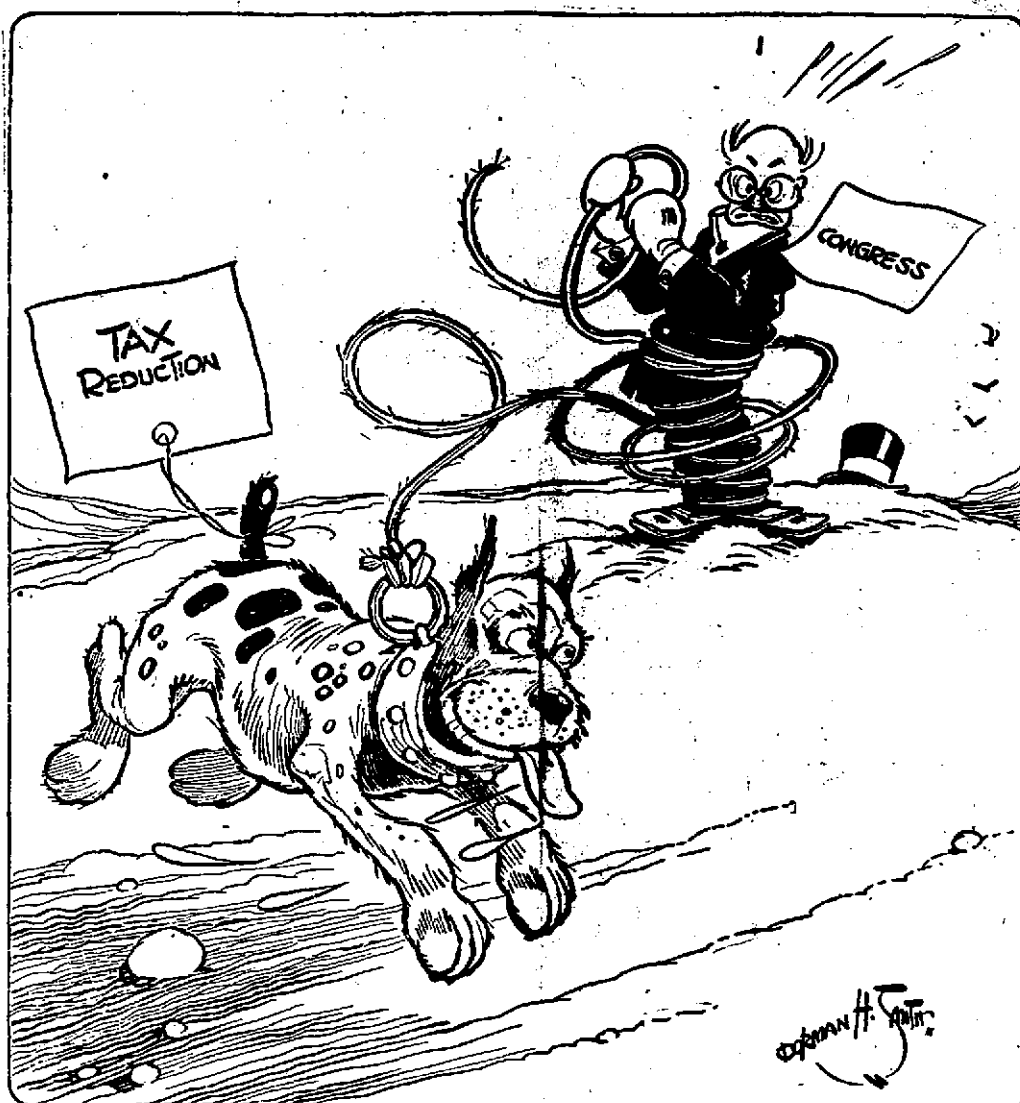

Fire Sweeps Business District of
Lyndonville, Vt.

Lyndonville, Vt., Jan. 23—Seven persons are believed dead and ten seriously injured in a fire which swept the business district here yesterday.

More than forty families have been made homeless. The fire started early today. It destroyed the greater part of the town's business district and swept through the tenement district.

Occupants of the houses were driven to the street with the temperature at 15 degrees below zero.

MY, OH MY! ISN'T HE THE PLAYFUL RASCAL?

Don't Be Alarmed!

If you should chance to see someone walking down the street carrying a straw hat, or a fan, or a trinket of some sort, don't be alarmed and conjure up in your mind visions of an insane hospital having opened up its doors and set its patients loose upon the people.

Nothing so terrible as that has happened. Workmen are simply cleaning away the debris in the Ninety-Nine Cent Store, as the result of the fire last Friday, and folks with the saving instinct have been gathering up articles and carrying them home, expecting to put them to some good use.

A crowd of boys stand about the front and back part of the store, watching for an opportunity to snatch something that falls from the wagons as the salvaged material is slid down a shoot from the second store, where most of the damage was done by fire.

INSTITUTES ARE HOLDING SWAY

Orange Township Farmers Meet at
Big Flatrock Christian Church To-
day For Program

FIRST ONE AT CARTHAGE

Attendance Not Equal of Last Year's
Due to Weather—Additions to
New Salem Prizes

Township institutes hold sway in Rush county this week, the first one having been held at Carthage Tuesday and the last one being scheduled for New Salem Saturday.

Today's institute was for Orange township farmers, and it was held at the Big Flatrock Christian church. The Center township institute is due to get under way tonight at 7:30 o'clock at the Mays opera house and will continue throughout Thursday. An elaborate program has been arranged, and a long list of prizes in cash and merchandise will be distributed in the classes for men and women and boys and girls.

Tonight's program will consist of a series of vocal selections and readings, closing with motion pictures and tomorrow the actual work of the institute will get under way.

The same speakers who were at Carthage Tuesday, will be at May Thursday—Mrs. William Goldsmith of Spencerville Ind., and F. L. Ken of Marion, Ind. They will discuss topics that are of interest almost exclusively to farm men and women.

Mrs. Goldsmith and Mr. Ken were also at the Orange township institute today and were on the program to deal with subjects similar to those used at Carthage Tuesday.

Thursday will close the stay of these two speakers in the county and Friday Mrs. W. C. Roberts and William Madigan will come to make the addresses at the Anderson township institute. They will also speak at the joint Richland and Noble township institute scheduled for the New Salem school building Saturday.

Raymond Manche was elected president of the Carthage Community institute at the closing sessions Tuesday afternoon.

The institute was not the equal of last year's in attendance. It is thought that bad roads and disagreeable weather combined to reduce the number present for the morning and afternoon sessions, which were held in the Carthage auditorium. An entertainment feature was numbers by

On Finding Tassels

That want ads work on big or little things, night or day, was demonstrated by the finding of an insignificant tassel to a woman's coat.

A Rushville woman missed the tassel on her coat. It was valuable and it wasn't. A new one would cost \$1.50, if the other one could be matched. A pair would cost \$3.00. Not so insignificant, perhaps, after all, but at any rate not something that would cause you to lie awake at night.

Then this woman had a happy idea. Why not try a want ad in the Republican? A small investment, she reasoned, might bring big returns.

The evening of the day the ad appeared, before she had an opportunity to read it, the woman who lost the tassel received five telephone calls notifying her where it could be found.

No less than this number of people had seen the tassel hanging on the door of a grocery store where it had caught as she entered the store.

SPECIAL SESSION REPEALS ORDINANCE

City Council Passes Ordinance This
Morning Abolishing 1897 Act, De-
fining Street Widths

APPLIED TO MORGAN STREET

A special session of the city council was held this morning at ten o'clock, and an ordinance was passed and final passage given, on the repeal of a former ordinance which defined the width of certain streets in Rushville.

The old ordinance of 1897 was passed, designating how wide certain streets were to be from curb to curb, and when the bids for Morgan street paving were received recently, the street was widened, and the former ordinance was not repealed.

When the injunction suit against the proposed paving was filed in circuit court by Mrs. Capitola G. Dill, one of the main points brought out was the fact that the city erred in widening the street six feet on each side, as the ordinance of 1897 was still in force, and that the street could not be legally widened.

The matter of the injunction case has never been decided by the court, and is still under advisement by Judge Sparks.

INSPECTOR IS ON THE JOB

Electric Wiring, Gas Taps And Wa-
ter Mains Being Examined

An inspection of electric wiring, city water mains, gas taps and similar things, conducted by the state department, is under way in Rushville it was announced today by Superintendent, A. T. Mahin of the city water and light plant. Inspector Simmonds of the state fire marshal's office started work this morning, and will go over the city making necessary inspections that might cause a fire hazard, or other conditions that might prevent firemen from performing their work.

It is expected that a wholesale list of faulty wiring will be found, as many persons wired their own houses for electricity during the past two years, and defects will be the aim of the state inspector.

CORRUPTION IN OIL LEASE, CHARGE

Fight to Invalidate Teapot Dome
Naval Reserve Contract Breaks
Out on Floor of Senate

STARTED BY CARAWAY, DEM.

Arkansas Senator Bases Pleas For
Abrogation on 3 Points—Charges
Fall Got \$100,000

(By United Press)

Washington, Jan. 22—The fight to invalidate the lease of the Teapot Dome naval reserve granted the former Secretary of the Interior Fall broke out on the senate floor today.

Senator Caraway, Ark. democrat who charges "corruption" in congress with the lease moved that the public lands committee be relieved of further consideration of his resolution abrogating the lease and that the senate take it up.

Caraway based his plea for abrogation on three points:

1—President Harding "had no authority" to issue his executive order transferring jurisdiction over the leases from the navy to the interior department.

2—Former Secretary Fall had no authority to negotiate for the sale of any government oil reserve, especially without a public sale.

3—Proceeds derived from a lease were not placed in the treasury as the law provides, but went for development of the navy department.

Caraway also charged that the lease was entered into "corruptly."

"Somewhere in connection with that lease, \$100,000 came into possession of Fall," Caraway said. "I think it is a fair assumption that Edward B. McLean never gave Fall any checks for the \$100,000 at all."

Havre, Jan. 23—"I have no intention of returning to the United States until my business here is finished."

Harry F. Sinclair, millionaire oil man and lessee of the now far-famed Teapot Dome oil reserve, made this reply to the United Press when informed of the senate investigating committee's desire to have him get back to Washington as soon as possible for further questioning.

Sinclair upon his arrival here aboard the Paris, was informed by the nited Press of the latest turn in the senate Teapot Dome investigation including the intention of his attorney to cable him to return.

Mortgage Co., Auxiliary

Marion, Ind., Jan. 23—John D. Ferree has been appointed receiver for the Welfare Loan Society of Marion, formerly a Hawkins Mortgage company auxiliary, by Judge J. Frank Charles in circuit court.

Petition for the receivership was filed by Will Williams as administrator of his father's estate, John T. Williams, deceased.

In the petition Williams stated that his father's estate held preferred stock in the society to the amount of \$5,350 and that \$214 was due the estate in unpaid dividends.

BODY ENROUTE TO MOSCOW

Remains of Nicolai Lenin Will Lie in
State Until Saturday When They
Will Be Interred

By JOHN GRAUDENZ
(U. P. Staff Correspondent)

Moscow, Jan. 23—While Moscow is a city of black, prepared to receive today the remains of Nicolai Lenin, the dead premier's fellow leaders urged workers, peasants and the red army to stand firm.

"Final victory of our party will be the best monument to Lenin," a proclamation issued by the central executive committee said.

Lenin's body was to lie in state here until Saturday when it will be interred in the Kremlin hall.

Tens of thousands of his followers are to be given an opportunity to gaze for the last time on the stilled features of the most powerful revolutionary figure of modern times.

Lenin, after a lingering illness, died at 6:50 p. m. at his villa at Corky, passing away while unconscious. A cerebral hemorrhage caused paralysis of the respiratory organs. (Note: An official announcement by the Russian government confirms United Press reports that Lenin's death occurred exactly at 6:50 p. m. Monday, not 5:50 as erroneously reported by sources other than the United Press.)

The chief care of Russia's present leaders—mingled with their genuine sorrow—in that there shall be no opportunity for enemies of the soviet to take advantage of Lenin's death.

The All-Russian executive committee addressed the following proclamation to the workers, peasants and soldiers.

The main order which the eleventh congress gives the soviet government at the moment of the death of Lenin is to protect the workers and peasants union.

"Never sidestep a hair's breadth from Lenin's policy. This is the principal question of our life."

The central executive committee's proclamation was in somewhat similar vein. Its memorial says Lenin supplemented Marxism by actually creating a proletarian dictatorship in the creation of the workers and peasants union. It praises Lenin's superhuman sense of duty and his devotion of his life to the working classes.

BOILER SPRINGS LEAK STOPPING JURY TRIAL

Furnace Trouble Causes Postponement of Court Business, But Of-
fices Are Open

MORGAN STREET EVIDENCE IN

A leak in a section of one of the boilers of the heating plant was discovered Tuesday, and the jury which had been summoned for a court case today, was called off, as it was feared that the court room could not be sufficiently heated. The offices were open as usual.

Several weeks ago, the fire was pulled from the furnace when the pit around the fire box contained water, and it was thought then that the boiler was leaking. The leak stopped, and the water was said to be caused and was probably covered with mud, from an old well in the basement. Yesterday, however, the leak was visible, and the boilers will be fired with caution until next week, when repairs will be made.

The case of Charles Alter against Lon Linville, a suit on a note, was settled by agreement today in the circuit court, with judgment for \$437.38 being entered for the plaintiff. The case of Silverthorn and Hangerford against Jesse A. Shelton, proceedings supplementary to execution, was dismissed.

Evidence in the injunction suit of Capitola G. Dill against the City of Rushville was concluded this morning when the city introduced evidence showing that the ordinance of 1897 defining the width of streets and been repealed.

George Dalby Killed and Girl Hurt When Auto Hits Street Car

Indianapolis, Ind., Jan. 23—George Dalby, 26, was killed and Marie Perkins, 31, was seriously injured when the automobile in which they were riding ran into a street car today. Dalby's lifeless body was found by the crew of the street car pinned between the steering wheel of the automobile and the back of the seat. A bottle containing wine was found in the automobile, according to police.

AUTO HITS INTERURBAN

Anderson, Ind., Jan. 23—Dorothy Levi, 18, was severely bruised, and Bert Forkner, 45, received a broken nose when a street car ran into an interurban at the Union Station here. The motormen of the street car said his brakes would not take hold on the slippery track.

MASTER MAGICIAN TO GIVE ENTERTAINMENT

Richard Davis to Provide Next Number on Manila High School Lyceum Course

CARRIES STAGE EQUIPMENT

Richard Davis, Master Magician, will furnish the next number on the lyceum course, being given by the Manila high school, Saturday evening in the auditorium of the high school building. Mr. Davis has appeared in Shelbyville and gained quite a reputation while there.

"The Man Who Mystifies" well describes Davis. His program is a wonderful combination of clever manipulations and interesting chatter which adds to the enjoyment and interest of his tricks. There is one strange thing after another, and fun all the time. Davis carries a most elaborate paraphernalia, stage equipment and special scenic effects. The splendor of his entertainment is one reason why he has been so tremendously popular wherever he has appeared.

This is one of the numbers of the lyceum course being given by the Manila high school, and is expected to be one of the most entertaining and unique programs ever offered by the school.

INSTITUTES ARE HOLDING SWAY

Edith Bright Held After John Raridon's Death

Indianapolis, Ind., Jan. 23—Edith Bright was held by police today pending investigation of the suicide of John Raridon, 27, a world war veteran of the Canadian army.

Raridon drank poison in front of Miss Bright's home after he had been refused admittance to the house, according to police.

Miss Bright said she had known Raridon while he was stationed at Columbus, Ga., in the army. They had corresponded, she said, and she had cared for him. She said she had decided not to permit him to call on her, however. Her home is at Fordsville, Ky.

were expelled with him because of their opposition to the Kansas industrial court law. The radicals also want a group of Nova Scotia miners who were expelled restored to their rights in the union.

The radicals will aim a blow at the appointive powers of the international president by asking for the election of a number of officers and organizers who are now named by the president.

Other planks call for the amalgamation of all craft unions in America and for the international affiliation of workers.

Thomas Myerscough, a deposed member of the Pittsburgh district, led in expounding the program and denouncing the "machine" which, he said, "controls the miners organization and keeps the rank and file from getting their rights."

But while the radicals had their fling last night, Lewis and the conservatives have the organization of the convention well in hand.

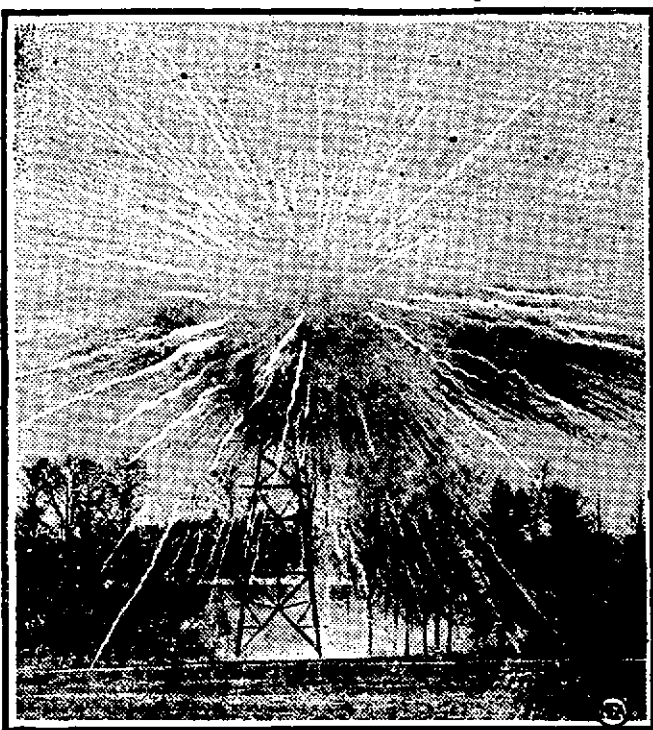

Few if any of the policies proposed by the progressive committee will see the light of day through the committee on resolutions, it is indicated. The radicals will have to fight for their program through resolutions presented on the convention floor, with the odds of parliamentary procedure against them.

The scale committee was ready to take up questions of wages and working conditions under the chairmanship of Frank Farrington, president of the Illinois district.

Appointment of Farrington by Lewis confirmed the report that the two leaders had ironed out their differences of past years.

1923 TRAFFIC MADE INCREASE

Volume of Highway Traffic in State Increased 300 Percent Over The Preceding Year

TO EXTEND ROAD SYSTEM

Gov't Statistics Show Indiana Has More Improved Roads Than Any Other State in Nation

By BRUCE SHORT
(President Engineering Sales Corporation)

(Written for United Press)
Indianapolis, Ind., Jan. 23—Traffic on Indiana highways increased 300 percent in 1923 over the preceding year. Since 1913, the volume of traffic has increased 500 percent.

This volume will be steadily increased in years to come. It will call for heavy expenditures in road improvement and maintenance.

John D. Williams, director of the state highway commission, intimated that he will advocate extension of the hard surface road system in Indiana, when he said hard surface roads cost less than other roads over a period of years.

The annual cost of maintaining a gravel or crushed stone road is \$654 a mile. The maintenance cost for hard surface roads is less than \$50 a mile a year. The cost of maintenance of gravel and crushed stone roads will increase in greater proportion than that of hard surface roads as the volume of traffic becomes greater.

Government statistics showing that Indiana has more improved roads than any other state in the nation only told half of the story. These improved roads, figures obtained at the offices of the highway commission show, are comprised largely of crushed stone and gravel highways. In fact this class of roads constitute approximately ninety percent of the improved road system of Indiana. The remaining ten percent or less is of the hard surface type.

In the course of its program, the State highway commission will replace many of the gravel and crushed stone roads with hard surface, spending more money on first cost but saving large sums on maintenance and affecting a saving in the long run.

In addition to saving money, the program will permit constant travel. Many of the gravel and crushed stone roads are closed to commercial traffic during four or five weeks of the year, while the hard surfaced roads are open for traffic in all kinds of weather. Extension of the hard surfaced highways will enable the farmer to market his produce in so-called off seasons of the year.

In addition, it will make highway travel safer, because the grades are wider, the bridges are wider, the culverts are longer and dangerous curves are virtually eliminated. The present disjointed system of highways will be co-ordinated into a vast network of roads.

More Light For Waterway

Attention is called again to the Great Lakes-St. Lawrence deep waterway plan by the action of the American Engineering Council, which calls for a complete governmental investigation of that great project. There has been considerable investigation of the matter, by engineers representing both the United States and Canada, but there is no danger of getting too much information on the subject. The Engineering Council wants to determine, with finality, the facts regarding navigation, power, alternative routes and other questions involved. Congress will be asked to act on the proposal.

An interesting discovery made by the leaders of this movement, in their recent inquiries, is that although Buffalo is still opposed to the new waterway, for fear of losing some of its business, New York and other eastern seaboard cities are less hostile, because they are coming to believe that they will benefit in the end from the greater development that such a waterway would bring to inland cities. They are encouraged in this view by finding that the immense traffic of the Panama Canal has not hurt their prosperity at all.

Public Sentiment

The prosperity of the people of the Rush county and the success of the enterprises in which they are engaged depends in a large measure on public sentiment.

It comes from the public mind—the way in which the people of the community view any project or any activity that transpires.

Public sentiment is the greatest asset we have because it is the aggregate thought of all of the people.

How do you, as an individual, help make up the public sentiment? Do

SAVED SICK SPELLS

Black-Draught Found Valuable by a Texan Farmer, Who Has Known Its Usefulness Over 30 Years.

Naples, Texas.—“I have used Theodor's Black-Draught for years. I can safely say for more than 30 years,” declares Mr. H. H. Cromer, a substantial, well-known farmer, residing out from here on Route 2.

“I am 43 years old, and when a small boy I had indigestion and was puny, and my folks gave me a liver regulator. Then Black-Draught was advertised and we heard of it.

“I began to take Black-Draught, and have used it, when needed, ever since. I use Black-Draught now in my home, and certainly recommend it for any liver trouble.

“I have given it a thorough trial, and after thirty years can say Black-Draught is my stand-by. It has saved me many sick spells.”

Mr. Cromer writes that he is “never out of Black-Draught,” and says several of his neighbors prefer it to any other liver medicine. “I always recommend Black-Draught to my friends,” he adds.

This valuable, old, powdered liver medicine is prepared from medicinal roots and herbs, and has none of the bad effects so often observed from the use of calomel, or other powerful mineral drugs. Be sure to get the genuine, Theodor's.

The strange disappearance of Mrs. Warren J. Lincoln (above), from Aurora, Ill., last summer has just been explained by Warren J. Lincoln, her husband (below), who police say has confessed killing the woman and her brother and burning their dismembered bodies in a furnace. Lincoln also disappeared and it was thought at first that he had been killed. He is a lawyer and horticulturist and claims kinship to Abraham Lincoln.

you take a pessimistic view of everything that is proposed for the welfare and common good of all the people living here, or do you take an optimistic view and try to foster things that are beneficial?

You belong in one class or the other. Submit yourself to a careful and scrutinizing cross-examination and see if you have been fair when proposals for the betterment of the community have been made.

It is purely a personal and individual proposition. Although public sentiment is the combined view of all the people, it may be swayed in either direction by an overabundance of pessimism or optimism.

FIFTEEN YEARS
AGO TODAY

From Daily Republican Saturday, Jan. 23, 1909
Charles A. Frazee received his commission last night which sets forth that he is to be the next postmaster in Rushville. He will take charge of the local office next Saturday. The commission is signed by President Roosevelt, who is an “awful scribe.” Frazee entertained a few friends at dinner last night, ratifying the work of the President, the senate and Congressman Watson.

In a contest much closer than the score indicates, the Morris town high school basketball team defeated the local high school quintet, by taking the long end of a 24 to 15 score. Willie Hoppe Defeats Jake Schaefer in Balk-Line Match

Chicago, Jan. 23.—Displaying the “nerve in the pinch” that has made him champion for nearly a score of years, Willie Hoppe last night overcame the lead of Jake Schaefer, in their match for the 18.2 balk-line billiard championship.

Hoppe, with 1,000 points to Schaefer's 739, is the favorite as the final block tonight approaches.

Trailing with 369 points to the contenders' 500 after the first block, Hoppe showed remarkable form last night and ran his score to 1,000 while Jake collected only 239 billiards for a total of 739.

The champion had runs of 182 and 172 and turned in an average of 30 1-21. Schaefer's high run was 70 and his average 11 8-21.

WESLEY M. E. REVIVAL

The Rev. Mr. Arnold, the evangelist at the Wesley M. E. church preached Tuesday night from his text, Revelations, 22:17. His subject was, “The Last Invitation from the Throne.”

The speaker said that Christ invites those who are “thirst” and those who “will.” He told of a man trying to cross the desert. His supply of water was gone, his horse was dead, and on foot he tried to make it to the place, where water was available. Suddenly he came to an oasis where his thirst was quenched. “Jesus Christ is the oasis in the dry and hot desert of life, where fainting souls can quench their thirst and have their souls revived,” the minister said.

Jesus also calls those who “will.” Jesus is the only character, he pointed out, who has challenged the minds of men and dared them to follow him.

He offers them the river to life freely. “It proceedeth from the throne of God; it has been rippling and tinkling from the first chapter of Genesis to the last chapter of Revelations,” he said. “It is the water that flowed through Eden; the river that makes glad with its streams, the city of God. It offers us Eternal and Delicance from sin.”

The subject tonight at the church will be, “Christ at the Door”

A friend in Birmingham sent me a bottle of Mayr's Wonderful Remedy, which I took, and I am sure it will entirely cure me of my trouble, judging from what it brought from me and the way I feel.” It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. HITTIN' 'EM —AND— MISSIN' 'EM

"The Lions can do it," is the slogan adopted by the Rushville high school for their attack Friday night at Connersville. Then the Ikkniks come out with their slogan, "Beat Rushville."

*** OIK, OIK, OIK ***

Anyway, Connersville, if Rushville doesn't beat you, Hittin' 'em will wage that the Lions will have the satisfaction of makin' those Ikkniks call time out a few times.

*** OIK, OIK, OIK ***

Russell Walker, the big Lion at center, may not get to play Friday night, as he is suffering from an infected joint, which he sustained in a collision with a Greenfield player last Friday. That's not an alibi, it is being stated before hand in order to show the Ikkniks that the Lions have about ten players than can fill any position and so if Walker can't play, even though he would be missed from the line-up, we're not going to cancel the game.

*** OIK, OIK, OIK ***

Homer, Ind.

Dear Hittin' 'em:

Have you any way of finding out, whether there was a tourney played in Rushville in 1917, and if there was who won the game?

EX-HOMER '17

*** OIK, OIK, OIK ***

After a search through the files, Homer ole boy, Hittin' 'em finds that the invitational tourney was played here in January of that year, and that the final game was played between Rushville and Shelbyville. Who won? Why Rushville did, 30 to 18.

*** OIK, OIK, OIK ***

HERE'S SIDE LIGHTS

The above photograph of Side Lights of Connersville was snapped at Newcastle last Saturday night. Side Lights is beckoning Hittin' 'em to the game at Connersville Friday night. He is seen extending the glad hand. This is confidential: He couldn't help it, but he broke the camera, and the photographer had to send us his picture, as seen above, in two parts.

*** OIK, OIK, OIK ***

And the pose is quite Ikknish, isn't it?

*** OIK, OIK, OIK ***

BETTER BOOK ORANGE

The Milroy high school girls have issued a state-wide challenge for competition in basketball, as their picture appeared last night in the Indianapolis News, and also with the ole clip on their shoulders. The girls have lost only one game this year.

*** OIK, OIK, OIK ***

HERE'S ARLINGTON AGAIN

Arlington, Ind.

Dear Hittin' 'em—

Arlington high school sure sprang a surprise to the county Friday night at Arlington, when they came very near winning from Raleigh. Joseph Reade for Arlington, who played forward, was the best for his team, making 7 field goals. M. Craig for Raleigh was the star for his team making ten goals from the field. In the year 1913 and 1914, Arlington had a wonderful record in winning their games. They were as follows: (Won 10; lost 2).

Arlington 15; Morristown 8.
Arlington 25; Alumni 15.
Arlington 26; New Palestine 5.
Arlington 43; New Palestine 4.

Arlington 40; Homer 14.
Arlington 14; Morristown 13.
Arlington 39; Manilla 7.
Arlington 20; Rushville 4.
Arlington 46; Carthage 6.
Milroy 31; Arlington 23.
Milroy 38; Arlington 28.
Arlington 40; Moscow 27.

Hurrah! for Arlington and hurrah for Milroy because they were the only team that could defeat Arlington in that season. The team that draws Arlington to play in the county tourney will sure need to do some good guarding and accurate goal shooting if they win. Arlington can give any team in the county a hard scrap. (Don't forget)

Yours, for success,

Knock-Kneed Flapper,

"Bobby Baxter."

*** OIK, OIK, OIK ***

PLAY AT MILROY THURSDAY

The Sir Walters have two games this week end. They will journey down to Milroy Thursday night, and then entertain Morristown Friday night. Milroy also plays Saturday, and will go down to Westport for a game.

*** OIK, OIK, OIK ***

Connersville is expecting at least a ten point margin, and they assert that such a victory will give the Ikkniks considerable prestige in the state.

*** OIK, OIK, OIK ***

The special cars from Rushville to Connersville will leave here at 4:30 in the afternoon it was announced today, which will give Rushville people ample time to get in line before the doors swing open at 6:15. The Connersville principal declares that he will not open the gates until that time, but also asserts that he wouldn't be responsible if "someone busts the door down, before that time."

"Tame them Lions" is another slogan over at Connersville. The Ikkniks might do it, but, gosh what a job they will have on their hands.

*** OIK, OIK, OIK ***

Don't forget to carry a box of Graham Crackers along over to Connersville for good luck Friday night. When the game starts, you will want refreshments.

*** OIK, OIK, OIK ***

Contrary to false reports—every Rushville Lion passed his examinations and demonstrated that they are just as good scholars as they are players.

*** OIK, OIK, OIK ***

The second team will take a bus to Richmond Friday night, and play the curtain raiser to the Richmond and Terre Haute game. The Morton seconds have improved a great deal since they were here, and according to the Richmond reports, they are out to avenge themselves for the defeat here.

*** OIK, OIK, OIK ***

Fountain City, the team that Webb defeated here a few weeks ago in easy manner, won the invitational tourney at Hagerstown last Saturday, defeating Hagerstown in easy fashion. This victory ranks Fountain City next to Richmond in Wayne county, but Hittin' 'em don't see how the Fountain City team will have much chance with Morton, if the game they played here was a sample of their playing.

*** OIK, OIK, OIK ***

Watch and train for Greensburg next week. That bunch may spring a surprise here.

*** OIK, OIK, OIK ***

Bring on the county tourney. All of the horses are rarin' to go.

*** OIK, OIK, OIK ***

PUNK REFEREE, HASH SAYS

Milroy, Ind.

Dear Hittin' 'em—

We have resolved not to rag the referee, but down in our hearts there is a longing to shoot Schaefer, the gent who tried to referee the game between Moscow and Waldron last Friday night at Waldron. May no other team play under the circumstances as the Cows did. May God forgive Schaefer.

Hash an Hash, Po.

Limiting Amateurs

HENRY L. FARRELL
(United Press Sports Editor)

New York, Jan. 23—Resuming the offensive in the old crusade against professionalism, some of the American amateur sport governing bodies are attaching almost a penalty to a star athlete's name.

To live up to the strict interpretation of the amateur rule, as it is being revised and restricted from time to time, a champion tennis player or a champion quarter-miler must almost apologize for himself.

The United States Lawn Tennis Association has ruled that, after January 1, 1925, no amateur tennis players can accept any substantial compensation for literary contributions to the press.

Rules passed previously made it an offense, with a penalty of disbarment for any tennis player to engage in the sports good business.

It is the theory of the tennis governing body that a tennis player should never in any way seek ways of capitalizing on the name that he acquired on the court.

Perhaps it would be wrong for the tennis champion to call up the box office and say:

This is Bill Tilden talking, I would like to have two seats in the first row.

The B. O. wouldn't have the seats and he would reply:

"Being as it is you, Mr. Tilden, that wants 'em, I'll certainly send out and pull in a few from the specs."

This is an extreme case, but in restricting the actions of players, the association also approaches extremes.

Writing newspaper articles and selling sporting goods are not the only occupations in which a player might be accused of getting cash on his name.

It would seem that the name of a player over a piece of literature or on the window of a shop is no more a gesture to invite business than the name of a player on a card that gets him by office boys who would not permit an ordinary insurance agent or bond salesman into the sacred precincts of the big and busy boss.

If the amateur sports governing bodies insist that an amateur athlete positively must not make use of his name in business, these bodies will have to import the English ideas and establish British classes in which no athlete but an "idle gentleman" can be accepted as a pure amateur.

Considering the subject from the strict standpoint that the Americans

Thru the Hoop of Shelbyville would like to play leap frog and drop in over at Connersville Friday night to see the Ikknik-Lion game. Here is what he says:

Just for plain, old fashioned competition, we'd like to look in on that Connersville-Rushville game at the Fayette county seat, Friday night. The Roarin' Lions are roarin' and the Ikkniks are not in bad shape after that hair-raising battle they gave Anderson a short time ago.

*** OIK, OIK, OIK ***

GOSH WHATT A CHANGE OF HEART

And when we read this next comment, we fell out of the chair, rubbed our eyes and asked the society editor to pinch us, to see if it was not a dream. He says this:

AND WHILE YOU'RE TALKING ABOUT COMPETITION, DON'T FORGET THAT RUSHVILLE IS GONNA BE TOUGH FOR SOME TEAM BEFORE THIS THING'S OVER.

*** OIK, OIK, OIK ***

And as one good turn deserves another we're goin' to surprise Shelbyville. Hittin' 'em would almost wage that the Camels will double the score on Manual Friday night.

*** OIK, OIK, OIK ***

Richmond will get back in the sunny side of life again Friday. They play Garfield of Terre Haute.

CLOSE GAME IS EXPECTED

Arlington A. C.'s Will Tackle Moscow Independents Thursday Night

The Arlington A. C.'s will tackle the Moscow Independents in a return game at the Arlington gym Thursday night. The Moscow team played the Arlington team earlier in the session and got away with a 9 point win. The Arlington team is going good now and expects to even up for its former defeat. The game promises to

be a hard fought contest and a very close score is forecast.

The Arlington club will use its regular lineup: Shook, Gardner, Wicker, E. Headlee, L. Headlee, Means, Miller and Northam. The Junior A. C.'s and the Rushville Romeos will hook up in the curtain raiser each team having won a game this season and the third game to be the deciding game of a three game series.

Jersey City—Johnnie Buff, former bantamweight champion outpointed Wille Woods, Scotland, in ten rounds.

FIGHTS AND FIGHTERS

Chicago—A match between Pancho Villa, world's flyweight champion, and Bud Taylor, Terre Haute flash, is being considered here today.

South Bend, Ind.—Tommy McFarland knocked out Joe Sharkey in the second round of a scheduled ten round bout.

Boston—Frankie Genaro, American flyweight champion won a 10 round decision from John Sheppard, Boston.

K. of C. hall Thursday for members and friends. Play starts promptly at eight o'clock.

Mr. and Mrs. Veri Behout entertained the members of the Pitch-In club Tuesday evening at their home in North Perkins street. A delicious supper was served and the remainder of the evening was enjoyed informally.

The Young Ladies Bible Class of the First Presbyterian church was delightfully entertained Tuesday evening at the home of Mr. and Mrs. John Gantner in North Jackson street. A short business session was held followed by the social hour and the serving of dainty refreshments.

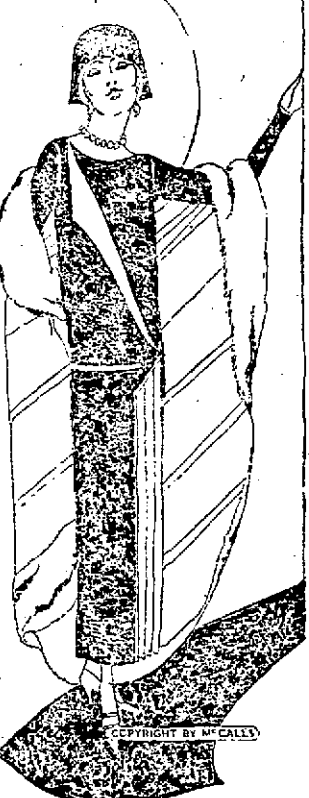

Mrs. Robert L. Tompkins, assisted by Mrs. Frank Innis, delightfully entertained the members of the Ladies Aid Society of St. Paul's M. E. church Tuesday afternoon at her home in East Seventh street. During the program Mrs. Amos Baxley gave a splendid reading. Delicious refreshments were served at the close of the meeting.

The members of the congregation of the Ben Davis Creek church will entertain Saturday evening at the church with an informal social party, honoring their new pastor, W. T. Crawley, who will conduct preaching services at this church the second and fourth Sundays of each month. The party will be in the form of a

Skirts Shorter

Due to the new pencil silhouette, skirts are growing shorter. A frock like a meal sack that extends to the ankles is hardly graceful. The new French gowns and separate skirts are 12 and 14 inches from the sole of the foot. For the present New York designers are content with eight or ten inches from the floor as the correct length.

reception and a luncheon will be served during the evening. All the members of the congregation are urged to attend this social function.

Mrs. A. L. Gary gave a most interesting review of the Life and Letters of Walter H. Page, at the meeting of the Shakespeare club Tuesday evening at the home of the Misses Nora and Mary Sleeth in North Harrison street. Mr. Page was the ambassador to England before and during the World War, and his work is in two volumes. Following the excellent discussion, an informal social hour was held and the hostesses served their guests with dainty refreshments.

Miss Laura Meredith was the hostess for the Missionary Society of the First Presbyterian church Tuesday afternoon at her home in North Morgan street. Mrs. Hugo Schnitzel was the leader for the meeting and she was ably assisted by Mrs. John Morris, Mrs. Hall, Mrs. Brooks and Mrs. Boyd. Mrs. Culp read two letters from Mrs. Hugh Taylor of Siam. The peace plan was explained by the president and the members were requested to sign their names to the document.

Carroll Rees was hostess last Saturday evening to the members of the Golden Link Bible class of the Ben Davis Creek Christian church at his home northeast of the city. One of the entertaining features of the evening was the camouflage supper that was served. Each item on the menu was so named that those ordering their supper were not sure what they would get. The remainder of the evening was enjoyed socially with contests and games. The next meeting of the class will be in two

MAKE MARKED PROGRESS

615,156 Head of Cattle in U. S. Accredited Free of Tuberculosis

Indianapolis, Ind., Jan. 23—Marked progress in the eradication of bovine tuberculosis throughout the United States was made during the last year by the bureau of animal industry of the department of Agriculture, according to Dr. W. B. Haskins, federal attache of the Indiana Livestock Sanitary commission.

During the last fiscal year there were 615,156 head of cattle in the United States accredited as free of tuberculosis, Dr. Haskins said. This is an increase of 76 percent, he said.

The plan being followed over the country is the eradication of bovine tuberculosis by small areas, usually by counties.

The tuberculosis test was applied to about 3,500,000 cattle during the year, Dr. Haskins said.

weeks, a Saturday night, at the home of Gilbert Joyce.

The old and new officers of the Main Street Christian Church Pastor's Aid Society entertained the remainder of the members Tuesday afternoon in the Sunday school department of the church. A business session preceded the splendid program that was given. Mrs. Carl Overdorf sang a beautiful solo and two readings were given by Miss Margaret Winship, in her usual charming manner. Miss Edna Lucas also entertained the guests with a violin solo. Following the program delicious refreshments were served by the hostesses.

CHAPTER XX

After the tale of the Little Red Riding Hood, the story continues with a series of illustrations and text. The illustrations show a woman in a long dress, a man in a suit, and a woman in a long dress. The text is in a stylized font, with large letters for the main title and smaller letters for the chapter title. The illustrations are in a classic, woodcut style.

ANSWER TO CHAPTER XIX

The hunter took off the wolf's skin and carried it home; the grandmother at the nice things which Little Red Riding Hood had brought to her; and the little girl was more than grateful for having been rescued in the nick of time from the wicked wolf.

MOVIES

"The Fighting Blade," Princess

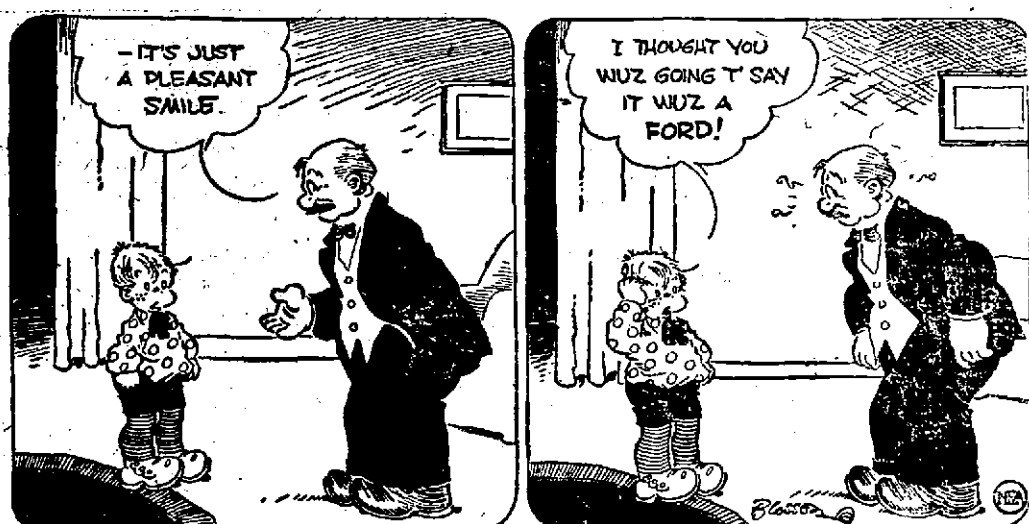

Medieval history chronicles many of the most exasperating tortures the world has ever known. One of the most agonizing of these is pictured in one of the sequences of John S. Robertson's production, "The Fighting Blade," a First National picture in which Richard Barthelmess is starred and which is being presented at Princess theatre today.

Richard Barthelmess is victim of this torture. His role in the picture is that of Karl Van Kesterbrook, a Flemish soldier of fortune whose fame as a duelist precedes him in England, whether he goes to avenge the death of his sister. He vanquishes his foe, and friends of the latter, members of the Cavalier party, plot his death. He joins Oliver Cromwell's party, the Roundheads, who are determined upon the over-

Freckles and His Friends

It Sounds Like One

throw of Charles I. and thus becomes the enemy of all Cavaliers.

Falling into the hands of some of these, he is manacled with huge heavy wristbands, and wedges are driven with hammer blows between his wrists and these manacles—the noble gentlemen performing this task with glee. And the youth's suffering is so realistically portrayed as to make the spectator shudder. It is

their purpose to give him two days in which to repent, two agonizing days, then to execute him. What happens to defeat their purpose, and how, far from breaking the youth's spirit, this torture makes him the source of the Royalist party, is depicted on the screen more forcibly than it can be described.

Opposite Barthelmess in this exciting historical romance is Dorothy Mackaill. Others in the cast are Frederick Barton, Morgan Wallace, Lee Baker, Bradley Barker, Stuart Sage and Allyn King.

MUSEUM VISITORS

Indianapolis, Ind., Jan. 23.—Three thousand five hundred and sixty-two times during the month of December, 1923, Major Wilson, Statehouse policeman, was forced to abandon his usual calm survey of the marble floors of the Statehouse lobby to reply to questioners.

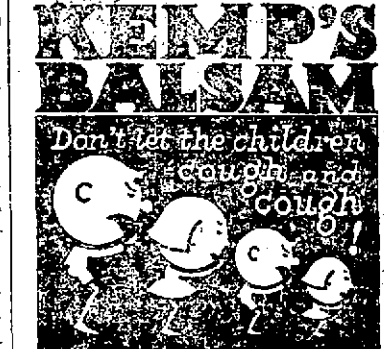

"Take the elevator to the basement and turn to your left upon emerging. If I am not mistaken, the museum is still there, a few doors down the hall."

Major Wilson may not have counted, but the register kept by W. H.

Herselman, curator of the museum, had that many names inscribed on its pages during the month.

About 400 delegates to the Student Volunteer convention came down to inspect the collection of things peculiar to Indiana history.

Kokomo.—The Southside Christian church will build a new church building costing about \$35,000. Final plans have been approved and a site purchased at a cost of \$10,000.

Automobile Educational Week

A Lecture Course

Free to the Public

This is the automobile era. After ten years of continuous selling and servicing automobiles I realize that the general public lack an elementary knowledge of the fundamental principle and general construction of automobiles.

After considerable effort I have secured one of the greatest automobile engineers, lecturer and instructor known to the automobile world—Professor John Sink. Professor Sink has just recently presented his lecture course to members of the Indiana and Purdue University faculties and classes at Bloomington and Lafayette, Indiana and other colleges.

I have arranged for a course of six lectures to be delivered Wednesday, Thursday, Friday and Saturday, January 23, 24th, 25th and 26th. Two lectures each day at 2:30 and 7:30 P. M. in my sales room at 121 East First street, "On the Square."

Together with Professor Sink's lectures we will have on display a stock chassis and motor. The motor running with all parts moving as in the operation of the car. All movements and operations plainly visible through glass enclosure. This chassis will also be on display all week.

Cleaned With Exquisite Care

When you send expensive dresses, suit and other delicate fabrics here for us to clean, we will take as much care of them as though we ourselves owned them.

Promptness in deliveries is another reason why our list of patrons is so large.

When you consider the people who send their cleaning to us you will realize that they are the most particular, most fastidiously dressed people in town.
